

Log module

for W-Stud Master XP

Construct in W-Stud Master XP the building and define logs as any wall-layers with different profiles.

Plan print out

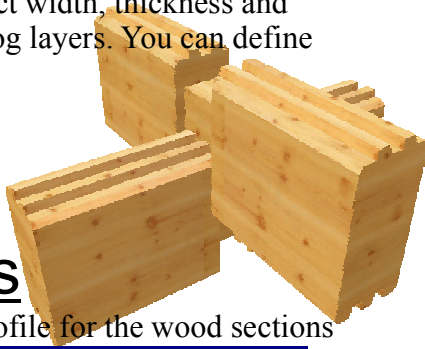

By using the cut list for logs it is possible to put together single walls, later contributing to the complete plan.

Insert title blocks, drawing objects, graphics, etc. Choose for the print out different scales.

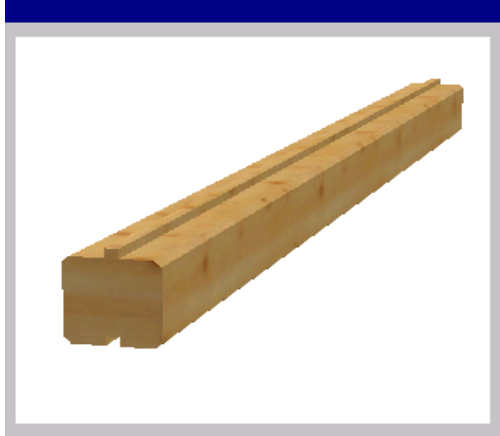

Layerdefinition

Define the exact width, thickness and offset for the log layers. You can define up to 10 layers

Profiles

Choose any profile for the wood sections

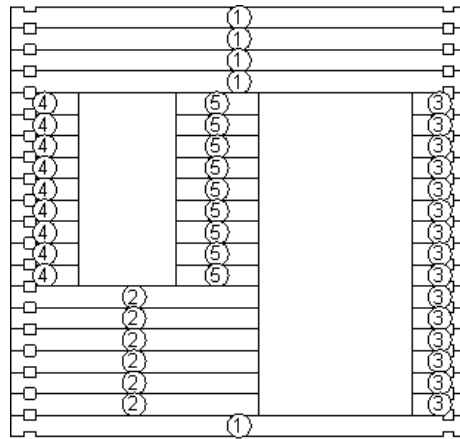

Range of walls

Choose in succession walls and layers, which are to be taking over into the projects.

No.	Quantity	Dimensions
10-1	1/2	150+58+10044-58+20=10480
10-2	8	150+52+10044-58+20=10480
10-3	8	150+38+8752=9070
10-4	8	23,27+62+150=2540
10-5	8	150+38+2502=3720
10-6	8	2040
10-7	8	880
10-8	8	802+52+150=1010
10-9	1	640+62+419=6988
10-10	1	6500
10-11	1	8131
10-12	1	7805
10-13	1	7414
10-14	1	7026
10-15	1	6637
10-16	1	6249
10-17	1	5860
10-18	1	5472
10-19	1	5083
10-20	1	4695
10-21	1	4307
10-22	1	3918
10-23	1	3530
10-24	1	3141
10-25	1	2753
10-26	1	2364
10-27	1	1975
10-28	1	1587
10-29	1	1199
10-30	1	810
10-31	1	422
10-32	1	33
10-33	1/2	150+52+10063=1781

Construction plan

- Transfer of log-walls from W-Stud Master XP, automatic update in construction plan
- Possible grouping of single planning parts
- Cancellation of grouping and editing of single parts
- Integrated CAD-functions (geometrical forms, lines, etc.)
- Description field for professional labelling
- Zoomfunction, different scales, minimize and enlarge planning parts
- Outprint of plans by any windows-printer
- Saving plans for archiving purposes

Detailed display of a wall with scarf joint

List of cuttings with details of wall-number, position-number, quantity and measurements

- Log module** € 1.480,-
- Request reply to arrange demonstration**
- I'm not interested**

Prices plus VAT, postage and packing
